New Ferry Timetable Starts in May

By the Gazette team

From 4 May the harbour ferry will run every 30 minutes between the old quay and the island, seven days a week. The council confirmed the new timetable after a successful trial last autumn.

> *“The old boat was lovely, but the new one is on time.”*

The first crossing leaves the old quay at 7:00 and the last returns at 22:30 during the summer season. Cyclists can now board without booking, and the larger vessel has room for twelve bicycles and four pushchairs.
