Regional Shipments, First Half of 2025

The table below shows how many units left our two warehouses in the first two quarters of 2025. Figures are counted at the moment of dispatch.

Table 2. Shipments by region and product line (units)

Region	Product line	Shipments	
		Q1	Q2
North	Pumps	120	135
	Valves	80	92
South	Pumps	98	101
	Valves	64	70
Total		**362**	**398**

Shipments of pumps grew in both regions from the first quarter to the second. The northern warehouse remains the larger of the two.
