Your electricity bill

Bill date 3 October 2026 · Account number 4410 2287 19 · Bill number 0098-77412

Ms Priya Ramaswamy
Flat 2, 18 Orchard Terrace
Lowfield LF2 6PD

Account summary

Previous balance	£112.40
Payment received 18 July, thank you	−£112.40
Charges this period	£218.58
Amount due	**£218.58**

Meter readings

Register	Previous	Current	Units
Day	41 872 A	42 391 A	519
Night	18 203 A	18 592 E	389

A = actual reading, E = estimated reading

Please pay £218.58 by 20 October 2026.

We will collect this amount by Direct Debit on or after 20 October 2026, so you do not need to do anything.

Charges for 1 July to 30 September 2026

Description	Quantity	Rate	Amount
Day units	519 kWh	27.40p per kWh	£142.21
Night units	389 kWh	13.10p per kWh	£50.96
Standing charge	92 days	51.20p per day	£47.10
Smart export credit	214 kWh	15.00p per kWh	−£32.10
		Subtotal	£208.17
		VAT at 5%	£10.41
		Total charges	**£218.58**

Your estimated annual consumption is 3,640 kWh, based on your readings over the last twelve months. If your night reading looks wrong, send us a photo of your meter within 14 days and we will reissue the bill.

Ways to save

- Run your washing machine and dishwasher after 22:00, when night units are cheaper.
- Members can join the community solar share scheme from 1 January.
- Ask us for a free home energy check if your usage has risen by more than 10%.

As a member-owned co-operative, any surplus we make is returned to members or invested in local renewable energy.
