Regional Delivery Performance, First Half of 2026

This page compares delivery performance across the five regions served by the Tamberlin depot. Figures cover all parcels dispatched between 1 January and 30 June.

Highlands	9,875	91.4
Lakeside	12,310	95.0
Northern Plain	15,602	93.8

The Coastal region again had the lowest share of late deliveries. Most complaints about damaged parcels came from a single faulty conveyor, which has since been replaced.
